Liberty Part 3

Christ is our great liberator. Scripture identifies Him as One who came to set the captive free (cf. Luke 4:18-19). Yet what type of liberty does He bring? From what prison(s) does He deliver? In this publication, let us consider that Christ brings release to the demonized and the spiritually-afflicted.

Ours is an age that downplays the reality of Satan and demonic forces. Charles Baudelaire may have been correct in his assessment: "The greatest trick the Devil ever pulled was convincing the world he didn't exist." However, the Bible never diminishes his presence or diabolical impact. Time and space will not permit a full treatise on the subject, but consider this selection from the Gospel record:

Mark 5:1-20 (NIV)

1 They went across the lake to the region of the Gerasenes. 2 When Jesus got out of the boat, a man with an impure spirit came from the tombs to meet him. 3 This man lived in the tombs, and no one could bind him anymore, not even with a chain.

4 For he had often been chained hand and foot, but he tore the chains apart and broke the irons on his feet. No one was strong enough to subdue him. 5 Night and day among the tombs and in the hills he would cry out and cut himself with stones. 6 When he saw Jesus from a

distance, he ran and fell on his knees in front of him. 7 He shouted at the top of his voice, "What do you want with me, Jesus, Son of the Most High God? In God's name don't torture me!" 8 For Jesus had said to him, "Come out of this man, you impure spirit." 9 Then Jesus asked him, "What is your name?"

"My name is Legion," he replied, "for we are many." 10 And he begged Jesus again and again not to send them out of the area.

11 A large herd of pigs was feeding on the nearby hillside. 12 The demons begged Jesus, "Send us among the pigs; allow us to go into them." 13 He gave them permission and the impure spirits came out and went into the pigs. The herd, about two thousand in number, rushed down the steep bank into the lake and were drowned.

14 Those tending the pigs ran off and reported this in the town and countryside, and the people went out to see what had happened. 15 When they came to Jesus, they saw the man who had been possessed by the legion of demons, sitting there, dressed and in his right mind and they were afraid. 16 Those who had seen it told the people what had happened to the demon-possessed man and told about the pigs as well. 17 Then the people began to plead with Jesus to leave their region. 18 As Jesus was getting into

the boat, the man who had been demon-possessed begged to go with him. 19 Jesus did not let him, but said, "Go home to your own people and tell them how much the Lord has done for you and how he has had mercy on you." 20 So the man went away and began to tell in the Decapolis how much Jesus had done for him. And all the people were amazed.

What do we learn from this account? We learn the following: a) people can be afflicted by the presence of demonic forces; b) human agency can do little to mitigate such activity and c) Christ is able and willing to bring deliverance and transformation through power divine. Moreover, since Christ remains the same yesterday, today and forever (Heb. 13:8), there is still freedom to those possessed and oppressed by dark powers. Thus said, in Jesus' Name, be free.

ing my dad here," Lafleur said of the hospital. She also worked as an EMT in Brookfield with her mother.

Roger spent over 30 years in the medical field, starting as a physician's assistant under Dr. Grace for 10 years before becoming a physician in the emergency department. He then moved to the urgent care department until it closed.

"The best person for urgent care is an emergency room doctor," Roger said. "They know what to worry about."

Roger, along with many familiar faces from Mary Lane Hospital, is starring as an extra in the film; his second acting role under his son-in-law's direction.

Donna works as an EMT in Brookfield and remembers spending a lot of time at the hospital.

"It's sad, but it brings back a lot of good memories," she said of returning to the emergency room.

Jean Comeau worked in Mary Lane Hospital's emergency room for 35 of her 50 years as a nurse, retiring before it closed.

"Roger and I were like brother and sister," Comeau said. "All of us worked well together."

Comeau said she and her fellow nurses still get together every six to eight weeks, hailing from Hardwick, Ware, Brookfield, West Brookfield and beyond.

"Some of my best memories were here," she said.

Nurse Michelle Kurilova works in the operating room at Baystate Wing Hospital in Palmer, but looked back fondly on her days

spent at Mary Lane Hospital.

"It's wonderful to have the opportunity to see it again," Kurilova said.

Emergency room nurse Marylynn Pratt echoed Kurilova's words, adding that working in the hospital created a deep, lifelong connection between the staff.

"It's family," she said. Most of the crew work-

ing on the film are based in Massachusetts, as are many of the extras.

Frazier thanked McCreary and Baystate Health Services for their hospitality and credited Dan Diaz of Western Props Warehouse in Worcester for his work.

The film is expected to be released in 2024 and will premiere locally for all to enjoy.

Brookfield, East Brookfield, North Brookfield, West Brookfield, Holland, Petersham and Wales.

The cafeteria is still that, but now has a wall lined with navy blue hats, or covers.

"It's our version of 'ringing the bell,'" Provost said, referring to when candidates "volunteer out" of Navy SEAL training.

Each hat represents a recruit that has left the State Police Academy before finishing training. The 88th RTT started with 249 recruits and there are now 167 remaining.

Only about one out of every three recruits make it to the end and graduates.

Training at the State Police Academy is intense, with 16-hour days Monday through Friday for about 23 weeks.

As a paramilitary organization, training at the State Police Academy is both physically and mentally demanding, and broken into three phases. It ranges from classroom training to hands-on, giving recruits confidence in the

field.

The first phase demonstrates and teaches the necessary skills and techniques needed by recruits, and in the final phase, the recruits are trained to be autonomous.

"They are working to be independent," McCarthy said.

The grounds of the State Police Academy are also home to a firearms range, a ropes confidence course, a gym and more. The State Police Academy works with municipal police departments from across the state, offering the use of its state-of-the-art training facility.

The State Police Academy's wells also provide water to the town's grade school and Town Hall.

Local farmers lease the fields for haying, and hunters utilize the grounds during hunting seasons, Provost said. The gym is also open for public use, available around training schedules.

Sunsets and sunrises up on the hill are the most breathtaking he's ever seen, Provost said.

The Community Day event is really just that; a celebration of the community and its role in support-

ing the State Police Academy.

"We appreciate New Braintree very much," Provost said.

People are also encouraged to join in the ongoing food drive at the State Police Academy during Community Day, to benefit the Worcester County Food Bank.

Requested donations include nonperishable gluten-free food, spices and condiments, healthy snacks (such as nuts, granola bars, canned and dried fruits), cereals, rice, pasta, canned pasta sauce, dry beans (all varieties), low-sodium broths/soups/stews/chili and 100% fruit and vegetable juices.

All items must have a clear expiration date and ingredient list. Try to avoid sugar-sweetened beverages such as soda and non-fruit juice, candy products and energy drinks.

Menstrual care products and hygiene items are also needed.

Please do not donate alcohol or mixers intended to be used with alcohol, over the counter oral medications, flammable products (such as lighter, matches or charcoal), products in glass containers, perishable products, opened products or expired products.
