wicked one-time slapper through Romanov's stick side, bringing the game to a 2-2 deadlock.

One more time, though, the T-Birds had a rebuttal, this time from Marc-Andre Gaudet, who uncorked a slap shot that ricocheted off a Utica defender before bouncing behind Daws at 8:47 for the go-ahead goal,

3-2.

Romanov and the Springfield defense battered down the hatches from there, killing off a Utica power play and receiving numerous shot blocks in the closing minutes, including a clutch denial by Alek Kaskimaki in the dying seconds. Romanov improved to 2-0 for the season against Utica, stopping 65 of 67 Comets shots over his two victories.

BIRDS from page 6

zen feathers: <https://blog.nature.org/2022/01/31/should-you-provide-birds-water-in-winter/>.

The article suggests modifying heated bird-baths so that birds can safely drink, but not bathe. A metal heating element that keeps a small section of the birdbath thawed works well. People, who have bird feeders or simple feeding stations may add shallow unbreakable container around the area. Yes, it can be labor-intensive, but they can easily pour water into

them (hot water when it's below freezing) and provide fresh water for at least a short period of time. As a source of drinking water, the containers can be filled with pebbles that will form small pockets of water where birds can get a drink of water.
