8-0. He wound up scoring 14 points in the opening quarter. Moynihan, who has scored more than 900 career points, began his varsity basketball career at Hoosac Valley before transferring to Agawam High School prior to the start of the school year. A couple of years ago, Moynihan played on the same AAU basketball team with the Kleps twins. The team was coached by Comp varsity basketball coach Gavin Miller.

“Trevor is a very special basketball player, and Agawam is a good basketball team,” Miller said. “We just performed very well in tonight’s game. It’ll probably be a little bit different game when we face them again.” The Colts finally broke the ice when senior Colby Paul (9 points) drained a 3-pointer from the left side. Comp finished the game with a total of eleven 3-pointers. Xavier Kleps, who’s Comp’s sixth man, then entered the contest and scored

14 points during the final four minutes of the first quarter, which helped the Colts build a 27-19 lead. “They did throw the first punch by taking an 8-0 lead, but we just locked in after that,” said Fay, who has scored more than 800 career points. “X gave us the spark that we really needed off the bench. He’s an important part of our team. He always plays with a lot of energy.” Xavier Kleps started a couple of games earlier in the season, but the Colts head coach likes having him

come off the bench. “Xavier is one of our better defenders and he’s also a very good scorer,” Miller said. “We needed a spark coming off the bench and we talked to him about being our sixth man. He gives us a whole different look. We’re a very deep team this year.” After Moynihan made a pair of free throws with 5:52 left in the first half, the Brownies were only trailing by six points (31-25). The Colts then closed out the first half with an im-

pressive 24-6 run. Haney, who also came off the bench, scored 10 of his 13 points during that span. The visitors took a 43-27 lead with 3:10 left in the first half following a lay-up by senior Modesto Galindrez (8 points). During the final minute of the opening half, sophomore Gabriel Pluta made a 3-pointer from the right corner before Haney converted an old fashion three-point play, which extended the Brownies advantage to 55-

29. Moynihan ended the half with a lay-up, but the Brownies didn’t make a second half comeback. The Colts pushed their lead to over 30 points after scoring the first nine points of the second half and they didn’t look back after that. “Our backs were against the wall coming into this game,” Miller said. “Our goal is to get a little bit better every day.”

T-BIRDS from page 7

the lead in the opening minute of the second, as Calle Rosen gathered a pass from Matthew Peca at the top of the left circle and picked the top corner over Bjarnason’s glove to make it a 1-0 Springfield lead just 52 seconds into the frame.

That same man-up unit added to their tally at 16:53 on a gorgeous three-man passing play, as Alek Kaskimaki slid a pass to Chris Wagner at the left post. From there, Wagner stuffed a perfect between-the-leg pass over to Matt Luff, who fired home his team-leading 12th goal to make it a 2-0 game into the intermission.

The third period began at 4-on-4, and the Phantoms finally got on the board as Lane Pederson curled to the middle of the ice before snapping a perfect shot upstairs over Romanov at the 27-second mark, cutting the Springfield lead to 2-1. On a power play just 2:40 later, Christian Kyrrou dissected the T-Birds’ defense and chipped a forehand over Romanov’s glove, bringing Lehigh to a rapid tie, 2-2. The 2-2 tie made it all the way to the game’s final seconds, but a bad-angle shot from Anthony Richard at the bottom of the left circle somehow found its way home with 11.9 remaining, and Lehigh Valley escaped with the victory.

SOCIAL SECURITY from page 4

PIA, by earning Delayed Retirement Credits. DRCs are applied to the person’s PIA when they claim Social Security. For each month after FRA the person claims, they will have .667% added to their PIA. That means that for each full year of delay, that person will get an extra 8% added to their PIA. For someone (like your friend’s wife) who claimed 24 months after her FRA, she would receive a benefit 16% higher than her FRA amount. However, Social Security normally only applies DRCs in January of each year. So, even though your friend’s wife claimed her SS benefits in June, 24 months after her FRA, she would initially only get the DRCs she had accumulated through the end of the previous year - in this case, about 18 months’ worth of DRCs or an SS pay-

ment about 12% higher than her PIA (her FRA amount). She would not get her remaining earned DRCs (another 4%) until January of the following year. So, in effect, the wife’s initial benefit didn’t reflect all her earned DRCs until her later January benefit payment. Thus, the wife essentially lost that extra benefit money for the period between June and December of the year she claimed Social Security. In other words, she wouldn’t get the full 16% amount until SS applied the additional 4% DRCs to her benefit payment the following January. And that is why your friend’s wife initially received a payment a bit less than the \$300 Social Security said she was entitled to by waiting two years after her FRA to claim. This surprises many who choose to wait beyond their full retirement age to claim Social Security. But, curiously, this process doesn’t apply

to those who wait until age 70 to claim their SS benefits. For those who wait until age 70 to claim, Social Security will immediately apply all DRCs that they have accumulated and provide them with their maximum SS benefit immediately.
